ONE DAY WORKSHOP

INKLE LOOM WEAVING

No weaving experience necessary! The inkle loom is portable, easy to warp, easy to weave off, and makes beautiful belts and bands. Daryl uses it to trim her garments. Every weaver should own one. They are inexpensive and children as young as third grade can learn to use them. Inkle Looms are available (for rent?) if requested. (see below)

Starting with a PowerPoint presentation, participants will learn to make heddles for the loom, follow a draft and warp the inkle loom. Proper techniques for weaving a tight even band with good selvages will be explained. A more intermediate technique of Inkle Loom Pick-up for interesting design options will also be demonstrated. Participants will be able to finish a small project by the end of the day.

ALL LEVELS ARE WELCOME

Daryl Lancaster, a hand-weaver and fiber artist known for her hand-woven, pieced garments, has been sewing for more than 40 years. She gives lectures and workshops to guilds, conferences, and craft centers all over the United States. The former Features Editor for Handwoven Magazine, she frequently contributes to various weaving publications.

Students are welcome to bring their own inkle looms. I will be showing a PowerPoint presentation, I provide the computer and projector, but will need a three prong extension cord and screen.

b. Students should bring:

- **3 Colors of 3/2 or 5/2 Cotton, at least 50 yards of each. The more contrast the colors have, the better.**
